# BMWMOCGC BREAKFAST AT VIEW CAFÉ

## SUNDAY 5TH MAY 2019

Sunday was a perfect day for riding. The air was very fresh on the ride to the Dam and turned into a beautiful sunny day. We had 25 again at breakfast. They were: David Huddy, Ian Proctor, Mike Skidmore, John Eacott, Troy Power, Marion & Martin Bell, Ivan Peres, Lyn Dyne, Greyden & Jill Tapp, Jim Papandreas, Jenny & Gordon McLister, Steve & Pat Bryant, Rohan Bainbridge, Dan & Glen Willmott and visitors Harold Part, Gordon Guyer and our 4 Qld Police Officer friends: Jamie Bellert, Adam Samuels, Chris Smith (Coomera Road Police) and Jason O'Reilly. (25) Apologies were received from John & Julie Vassallo, Ken Madsen, Nic Mercieca, Erik & Robyn Lorentzen, Ray Scarlett, John & Cheryl Simpson and Scott Browne.

David welcomed our Visitors Gordon and Harold and the four members of the Police Force. Unfortunately Adam, the motorcycle officer, was called away before he even got his coffee. Our other regular officer, Sgt Graeme Reeves, was on holiday with his family.

A booking has been made at the Tallai Country Golf Club for the Clubs Christmas Party on the 24 November 2019. This is the same venue as last year.

David Huddy is looking for a suitable venue for the Presidents Lunch / AGM which will be held 12 August 2019.

As the first Sunday in September is Father's Day, the monthly breakfast meet at the Café View, Hinze Dam, will be held the second Sunday, being the 8<sup>th</sup> September. You will be reminded of this closer to the date.

Renewal of Membership fees will be due 30 June. Please be sure to Reference your Name when depositing the \$40 in the Club Bank Account. BSB: 484-799 Account No: 000294631

David Huddy spoke to the meeting about including the Club Road Rules as a by-law under the Club Constitution. Steve Bryant questioned the necessity of this. This proposal will be put to the AGM.

The three Police Officers each spoke briefly to the Members:

They are running a Preventive Program targeting certain groups e.g. older riders who were active in their youth, gave the riding away for a few years and have now returned.

The Numinbah Road surface and edges will be improved under funding for black spots following several accidents.

The Officers plan to hold more Public Days and our Members are all invited to attend. They hope to hold the next one in the Numinbah area.

Following breakfast the ride group headed off led by Steve & Pat Bryant. But that's another story!

# PRESIDENT'S REPORT

It seems to have been a quiet month, but with cooler weather and beautiful sunny days, I know many of our members have taken to the road.

The ride to Canungra for the Motorbike show attracted only three riders, myself, Troy and Gordon & Jenny. It was still an excellent ride over Tomewin to Tumbulgum, then back over Numinbah, and Beechmont to Canungra, where we went our separate ways. Short maybe, but incorporating some of our best rides and quite intense riding. I think some members made their own way to the show.

The Binna Burra Pizza night was a great success with 11 members making the trip, although not all on two wheels. Next time we'll make it earlier in the year so that the ride up is in daylight or perhaps we can repeat the ride in spring.

The AGM and President's lunch this year will be on Sunday 18 August at The Historic River Mill, on the Nerang Canungra Road, not far from Mt Nathan. It is a lovely riverside place, similar to O'Reilly's, with water and animals, but not as well developed. We will be on the verandah. I have booked for 12noon. If you get the chance go and have a look.

This piece comes under the heading of "*you know you're getting old when*"

On Saturday 25<sup>th</sup>, feeling house bound and it being a perfect riding day, I set off inland, my first visit to the area this year. BD, Kerry, Hill View and back to Beauy. There is a distinct lack of cafe's in BD but I have no idea why. The place I had visited previously was closed so I was left with Maccas, who do at least serve decent coffee.

Have you noticed that Maccas no longer display their full menu above the counter? To get it you have to go to the 'kiosk' and order there. Well, this was new to me so I stood wondering what to do and obviously looking lost. A small female staff member came out from behind the counter and offered to help me. She looked about 11 years old and would have struggled to top 5' on tip toes but was very pleasant to an old f... like me. We went through the process of punching buttons and scrolling through the menu, all to order a flat white coffee. When it came to paying, I opted for cash, which meant going back to the queue and paying at the counter. All this to ask for "a flat white - extra hot".

Later, while scanning the Week-End Oz over the coffee, a page extricated itself and fell to the floor. Another young girl rushed to pick it up for me. So perhaps there are some advantages to this ageing thing after all.

Finally, a piece of trivia for those interested in the English language.

*Hippopotomonstrosesquippedaliophobia* is one of, if not the longest word in our language. What does it mean? It means a fear of long words!

Keep on keeping on.

David

**BMW MOTORCYCLE OWNERS CLUB (GOLD COAST) INC**  
**Minutes of Management Committee Meeting**  
Held at View Café, Hinze Dam  
Sunday 5 May 2019 Commencing at 7.30am

**Present:** David Huddy President, Rohan Bainbridge Treasurer, Ian Proctor and Jill Tapp Secretary

**Apology:** Nic Merceica

**Confirmation of the Minutes**

Minutes of the meeting of 10 April 2019 were confirmed without amendment.  
Moved David Huddy, Seconded Proctor. All in favour.

**Matters Arising from the Minutes:**

**Christmas Party** The dates of 24 November and 1 December are both available. Members present at breakfast will be asked to vote on date. *(24 November was selected at breakfast and to be confirmed with Tallai Country Golf Club).*

**Presidents Lunch/AGM** David suggested this be held at the Old River Mill, Nerang Road.

**Website** David Huddy had researched options available.

Option One: Wild Apricot. The Annual cost is subject to US \$ fluctuation; Suncorp will not issue the Club with a card. Payment would need to be made by Pay Pal, or change banks. The situation will be discussed at breakfast and Members will be asked if there is a volunteer to do Wild Apricot.

Option Two: Word Press.org

Option Three: Gold Coast Website Company. A quote was received to professionally build a website for \$2,600 plus an ongoing annual cost for hosting of \$600 (this could be discussed).

**5. Correspondence:**

**Incoming:**

Ray Scarlett – shirt required. David has ordered Ray a club shirt. Cost \$30.

**Outgoing:**

Nil

**6. Banking**

Bank Balance 30 April 2019: \$6,718 at Suncorp      Term Deposit \$5,070.11 with Heritage Bank.

**7. Reports**

**Membership** 49 Ordinary, 3 Associates, 39 Family and 3 Life. (94)

**8. Other Business**

**Fathers Day** is the first Sunday of September so the View Café will be very busy. David Huddy suggested we move Septembers breakfast/meet to the second Sunday, same as last year.

**Shirts:** John Vassallo will be asked to bring the current stock of shirts and caps to the next breakfast/meet and these goods will be offered to Members at reduced prices.

**Secretarial Expenses** David Huddy moved that Jill Tapp be reimbursed \$130.35 for expenses incurred for the period January to March 2019. Seconded Ian Proctor.

**9. Date of next meeting:** Date yet to be decided but suggested venue was Tallai Country Gold Club.

**10. Closure:**      The Meeting closed at 8.12am

**Signed as a True and Correct Record:**

.....  
President

.....  
Date

# EDITORS NOTE

Given my non-attendance at recent rides and meetings I fear I may be at risk of being kicked out of the club. My only excuse is I have been having a ball on the bike and fitting in work trips and social events around it.

On the day I came back from the BMW Safari I met 2 intrepid travelers outside my local Woollies at Oxley. Now if you believe in any form of karma or law of attraction, it was meant to be. They were promoting the ride and had their 2 KTM's on display, they had done 80,000km travelled 40 countries and taken a year+ to do it. Well of course we got talking, to start with it was about the panniers, should they be hardcase or soft, Lee wanted soft sided as it hurt less when she fell over. Their book, [Bikesnbeers](#), was an easy read and recorded their journey as well as some of the planning.

Well that meeting has now caused me to postpone my upcoming June trip to Denmark and bike hire through Norway. Instead, I am now having a ball researching a trip on my own bike from Croatia , through the various passes in the Alps and then onto Norway next year. I have bought a book titled, [1001 roads trips you must drive before you die](#). When glancing through it, the page opened on a converted railway line now used as a road after the Bosnian war, 40 tunnels and 60km of gravel, Croatia is definitely staying on the list. Having met with them again last night over a glass of wine (would you believe they only live 400 metres from me) we discussed shipping, routes and accommodation choices, they camped, I am more a credit card camper. Now considering doing Spain and Portugal as well and then onto Denmark. Not sure how to fit it all in in the 2-3months I had allocated and maybe leaving the bike over there and returning the following year could be "cost effective".

Whoever thought riding a bike could be a cause to live a fuller life.

Must remember to contact the Club president to see if I can get a 3 month leave pass for next year

Maybe I can get the title "editor at large"

## **BMW Motorrad Concept R18.**

The tradition and future of BMW Motorrad melded into one perfectly shaped Custom Bike.

**Munich/Cernobbio.** Against the backdrop of a bustling mix of the traditional and the modern on show at the Concorso d'Eleganza Villa d'Este, BMW Motorrad presents an engaging alternative for a time that is being increasingly characterised by rapid technological change. You could see it as a return to the brand's core, but given a modern twist: the BMW Motorrad Concept R18 transports the essence of the big BMW Motorrad classics into the modern age, or in other words, it is taking a historical motorcycle design and giving it a modern, custom attitude. Dr. Markus Schramm, head of BMW Motorrad, describes the design as follows: "With this dream bike, BMW Motorrad presents its own version of an emotional and authentic offer for the large cruiser segment."

The BMW Motorrad Concept R18 shows how a forward projection of a 1960s boxer engine could look like today as a purist custom bike in combination with all the classic design icons of BMW Motorrad design.

# BMW Motorrad

## Corporate Communications

Media Information

Date 24 May 2019

Subject BMW Motorrad Concept R18. The tradition and future of BMW Motorrad melded into one perfectly shaped Custom Bike.

Page 2

“With its clear aesthetics openly on display, the Concept R18 embodies for me what motorcycling, at its core, is really about. It is all about feeling instead of thinking, and not using technology for self-staging, instead giving space for imagination. This concept bike appeals to something deep down – you just want to just get on it and ride off. But when you get off it again, you don’t just put it in the garage and walk away – you turn around again and give it a final parting glance”, explains Edgar Heinrich, head of BMW Motorrad Design.

### **Consistently purist design with timeless proportions.**

The BMW Motorrad Concept R18 is the essence of motorcycling, a bike in its original, natural form. In true custom style, it celebrates the art of leaving out what you don’t need and then concentrating on what is left. “The biggest challenge in the design is to render everything visible. Every part has a functional purpose.

There are not many who would dare to take such an absolutely honest approach”, says Bart Janssen Groesbeek, designer of the concept bike.

The BMW Motorrad Concept R18 is immediately recognisable as a genuine BMW: boxer engine, cradle frame, exposed universal shaft and drop-shaped fuel tank with its black paintwork and hand-applied contrast lines interpret typical design icons of BMW Motorrad classics, while displaying confidence along with modern-style linearity. The balanced proportions are reminiscent of classics like the BMW R5, and convey – even from a distance – the timeless beauty that comes about whenever things are consistently reduced to their bare essentials. The frame and tank create a common line all the way from the steering head to the rear wheel hub and lend a flowing elegance to the side view. The large spoke wheels (front 21 inch, rear 18 inch) provide a secure stance and perfectly balance the dominant power unit. The tyres are a further reference to history: just as it was in its day, this bike is again fitted with Metzeler tyres.

BMW Motorrad

**BMW GS SAFARI VIDEO.**  
FULL FEATURE FILM FROM OUR 25TH  
ANNIVERSARY EVENT.

## *This Month's History Lesson*

### **THE MOTORCYCLES OF THE 1970S**

#### **1973: R 90 S.**

The R 90 S was the first BMW model with a cylinder capacity over 750 cc and the first BMW to achieve a top speed of 200 km/h, while the twin disc brake to the front made for reliable braking. With its standard cockpit cladding and complex two-tone paintwork, the R 90 S is regarded as the design classic of the 1970s.

#### **First ABS for motorcycles.**

In the shaft drive, the paralever ensures that the disruptive reactive forces of the shaft drive are reduced. This largely avoids the rise and drop of the bike's rear when accelerating and decelerating. In spring 1988, BMW was also the first manufacturer to launch an electronic-hydraulic Anti-Blocking System (ABS) for motorcycles. In addition, the K 1 was the absolute highlight of the IFMA '88. This was the world's first motorcycle with digital engine electronics and featured an exciting avant-garde design.

# CLUB RIDE RULES

*Never pass the ride leader.*

*To be considered as riding with the group, you should be between the ride captain and the tail-end Charlie. (TEC) TEC hasn't got eyes in the back of their head.*

*When riding in staggered formation, the formation is set by the rider behind the ride captain. When the formation changes, please take care. It is not advised to merely move across. Move across if safe to do so.*

*The rider behind the ride captain corner marks. Do it safely. Try to be in vision of the riders that you are directing. Do not endanger yourself by stopping in loose gravel, or in a place where you may be hit. Tail End Charlie will wave you to re-join the group as he/she approaches you. Again, do it safely. Join only when you think it is appropriate.*

*If TEC is being followed by traffic, pull in behind the traffic and make your way back to the ride. If it's not safe to pull in front of TEC, don't. Use common sense. Keep safe distance at all times.*

*Advise the ride captain and tail end Charlie if you are leaving the ride before the 'good-bye' point. Be fully fueled before the ride [The bike guys, the bike]*

*It is not easy to keep a head count of riders. If you think someone is missing and should not be, ask. It's always better to be safe than sorry.*

*Never pass on the left; never tail-gate, pass slower riders only when it is safe to do so; be patient. Abide by the road rules at all times.*

# BMW MATTERS

From Lyn Dyne

**BMW Group** sales continue to grow steadily.

BMW Motorrad sales continue to grow strongly, with year to date deliveries up 7.7%. In April a total of 18,408 premium BMW Motorrad motorcycles and maxi scooters were delivered to customers around the world.

## R 1200 RT

Type: Air/liquid-cooled four stroke flat twin engine, double overhead camshaft, one balance shaft and variable engine timing system BMW ShiftCam

Bore/Stroke: 102.5 mm x 76 mm

Capacity: 1,254 ccm

Rated Output: 100 kW at 7,750 rpm

Max.torque: 143 Nm at 6,250 rpm

Compression ratio: 12.5: 1

Mixture control: Electronic intake pipe injection

Emission control: Closed-loop 3-way catalytic converter, emission standard EU-4

Maximum speed: Over 200 km/k

Fuel consumption per 100 km based on WMTC: 4.75 L

CO2 emission based on WMTC: 110 g/km

Fuel type: Unleaded super, octane number 95 (RON), adaptive fuel quality regulation (91 to 98 RON)

Alternator: Three-phase alternator 508 W (nominal power)

Battery: 12 V / 12 Ah, maintenance-free

Clutch: Oil lubricated clutch, hydraulically operated

Gearbox: Constant mesh 6-speed gearbox with helical gear teeth

Drive: Shaft drive

Frame: Two-section frame, front and bolted on rear frame, load-bearing engine

Front wheel location/suspension: BMW Motorrad Telelever, stanchion dia 37 mm, central spring strut

Rear wheel location/suspension: Cast aluminum single-sided swing arm with BMW Motorrad Paralever, WAD strut (travel-related damping), spring pre-load hydraulically adjustable (continuously variable) at handwheel, rebound damping adjustable at handwheel.

Suspension travel, front/rear: 120 mm / 136 mm

Wheelbase: 1,485 mm

Castor: 116 mm

Steering head angle: 64.1"

Wheels: Cast aluminum wheels

Rim, front: 3.50 x 17" Rim, rear: 5.50 x 17"

Tyre, front: 120/70 ZR 17 Tyre rear: 180/55 ZR 17

Brake, front: Dual disc brake, floating brake discs, dia 320 mm, 4-piston radial calipers

Brake, rear: Single disc brake, dia 276 mm, double piston floating caliper

ABS: BMW Motorrad Integral ABS (part-integral)

Seat height: 805 / 825 mm (OE low seat: 760 / 780 mm; OE high seat: 830 / 850 mm)

Usable tank volume: Approx., 25 l Reserve: Approx. 4 l

Unladen weight, road ready, fully fueled: 279 kg

Permitted total weight: 505 kg

Payload (with standard equipment): 226 kg

Colours: Alpine White, Carbon Black Metallic, Mars Red Metallic/Dark Slate Metallic Matte,

Optional: Blue Planet Metallic, Sparkling Storm Metallic
